Funding

External

1. Title: Screening for Homelessness and Service-Connectedness in the VA (2015 – 2018)
Agency: US Department of Veterans Affairs
Role: Co-PI (20% FTE); PI: AE Montgomery, PhD
Total funding: \$1,050,000
Purpose: To examine the utility of screening for homelessness in the VA medical system and to determine pathways through the VA medical system for homeless veterans.
2. Title: Homelessness among Veterans: Research support (2015 –2017)
Agency: SL VA Medical Center
Role: PI (0% FTE)
Total funding: \$45,000
Purpose: To provide funding for graduate student assistance on homelessness research projects.
3. Title: Current evidence and early warning indicators of homelessness risk among Veterans (2013 – 2016)
Agency: US Department of Veterans Affairs
Role: Co-Investigator (10% FTE); PI: A Gundlapalli, MD, PhD
Total funding: \$876,700
Purpose: To develop VA systems to identify veterans who are currently homeless

and to predict those veterans 'at-risk' of homelessness.

4. Title: Streets to Scholars: Guiding Youth into Postsecondary Education and Out of Homelessness (2014 – 2015)
Agency: Utah System of Higher Education: ImPACT grant
Role: PI (3% FTE)
Total funding: \$70,000 (plus \$50,000 match)
Purpose: Start-up grant to further develop an intervention program to help homeless youth obtain an education that will enable them to obtain their desired career and exit homelessness.
5. Title: Informatics and homelessness among US Veterans (2013 – 2014)
Agency: US Department of Veterans Affairs
Role: Subcontractor (40% FTE); PI: A Gundlapalli, MD, PhD
Total funding: \$62,000
Purpose: To investigate risk factors for and experience of homelessness among US Veterans.
6. Title: Injury in Latina women after sexual assault: Toward healthcare equity (2009 – 2014)
Agency: National Institute of Nursing Research (1R01NR011589-01)
Role: Co-Investigator (30% FTE); PI: MS Sommers, PhD
Total funding: \$3,200,000
Purpose: Investigation of new methodologies for quantifying injury following and predicting sexual assault in Latina women.
7. Title: Increasing the practicality of the Food Dudes healthy eating program (2012 - 2014)
Agency: US Department of Agriculture
Role: Co-Investigator (5% FTE); PI: G Madden, PhD
Total funding: \$120,000
Purpose: To evaluate the efficacy of a game-based program for increasing elementary-school- based fruit and vegetable consumption.
8. Title: Homelessness among Veterans: Research support (2012 – 2013)
Agency: SL VA Medical Center
Role: PI (0% FTE)
Total funding: \$22,483
Purpose: To provide funding for graduate student assistance on homelessness research projects.
9. Title: Long-term effects of incentivizing fruit and vegetable consumption (2011- 2013)
Agency: US Department of Agriculture
Role: Co-Investigator (5% FTE); PI: G Madden, PhD
Total funding: \$155,399

Purpose: To evaluate the long-term effects (1-year post-intervention) of an incentive program on fruit and vegetable consumption in elementary school cafeterias.

10. Title: Incentivizing fruit and vegetable consumption (2010 - 2013)

Agency: US Department of Agriculture

Role: Co-Investigator (5% FTE); PI: G Madden, PhD

Total funding: \$350,000

Purpose: To evaluate the effects of an incentive program on fruit and vegetable consumption in elementary school cafeterias.

11. Title: Developing a narrative language intervention program for children at-risk of learning impairment (2010 – 2013)

Agency: Institute for Education Sciences, U.S. Department of Education

Role: Co-Investigator (10% FTE); PI: SP Gillam, PhD

Total funding: \$1,500,000

Purpose: To develop a narrative-based intervention program for early language development in children with language-based learning impairments and for English Language Learners who are at-risk for academic difficulties.

12. Title: Risk and protective factors for sexual abuse among clergy (2010 – 2012)

Agency: National Institute of Justice and the United States Conference of Catholic Bishops

Role: Co-PI (10% FTE); PI: C Mercado, PhD

Total funding: \$600,000

Purpose: Case-control study to identify risk and protective factors for clergy sexual abuse.

13. Title: National randomized trial of the discovery model for science education (2008 – 2011)

Agency: Institute for Education Sciences, U.S. Department of Education

Role: Consulting Statistician; PI: CC Johnson, PhD

Funding for subcontract: \$40,000

Purpose: A randomized controlled trial of an intervention designed to enhance teaching of science to ethnically diverse middle school students.

14. Title: Injury from sexual assault: Addressing health disparity (2007 – 2011)

Agency: National Institutes of Nursing Research & Mental Health (2R01NR005352-04A1)

Role: Co-PI (25-35% FTE); PI: MS Sommers, PhD

Total funding: \$2,250,000

Purpose: Investigation of new methodologies for quantifying injury following and predicting sexual assault.

15. Title: Sexual abuse of minors in the Catholic Church: Understanding the causes and context of the problem (2009 – 2010)

Agency: John Jay College of Criminal Justice

Role: Consultant; PI: Terry K, PhD

Funding for subcontract: \$35,000

Purpose: Identification of risk markers for sexual abuse of minors by clergy and conduct preliminary exploratory data analyses.

16. Title: Impact of first instance of homelessness on income and employment in NYC (2009 – 2010)

Agency: University of the Sciences in Philadelphia

Role: Consultant

Funding for subcontract: \$4,000

Purpose: To investigate longitudinal patterns of income and employment status 10-years before and after the 1st instance of homelessness in NYC.

17. Title: An intervention trial of the discovery model for science teachers (2005 – 2009)

Agency: Institute for Education Sciences, U.S. Department of Education

Role: Co-Principal Investigator (20% FTE); PI: CC Johnson, PhD

Total funding: \$910,000

Purpose: A randomized controlled trial of an intervention designed to enhance teaching of science to ethnically diverse middle school students.

18. Title: Development of an evidence-based reading and writing teacher knowledge assessment system (2005 – 2009)

Agency: Institute for Education Sciences, U.S. Department of Education

Role: Co-Investigator (15% FTE); PI: DR Reutzel, PhD

Total funding: \$925,000

Purpose: To develop a reliable and valid scale of elementary school teacher quality and knowledge of reading and writing instruction.

19. Title: Instructional Simulation Author and Play System (2007– 2008)

Agency: Defense Advanced Research Projects Agency (DARPA) SBIR Grant

Role: Consulting Statistician; PI: M Britton, MS

Funding for subcontract: \$2,400

Purpose: To create an on-line physics simulation game development tool and the algorithms for quantifying learning from individual simulation games using temporal data mining methods.

20. Title: Intervention for risky behaviors seen in the emergency department (2004 – 2007)

Agency: Centers for Disease Control & Prevention (R49/CCR-523225)

Role: Consultant; PI: MS Sommers, PhD

Funding for subcontract: \$48,000

Purpose: Randomized controlled trial of an intervention to prevent alcohol-related motor- vehicle crashes in individuals with risky driving behaviors.

21. Title: Sensitivity of the colposcopy exam after sexual assault (2004 – 2006)

Agency: National Institute of Nursing Research (R01NR05352)
Role: Consultant; PI: MS Sommers, PhD
Funding for subcontract: \$10,000
Purpose: Evaluation of methodologies for quantifying injury related to sexual assault.

22. Title: Language function before and after anterior temporal lobectomy (2001)
Agency: Epilepsy Foundation of America, Behavioral Sciences Summer Fellowship
Role: PI
Total funding: \$3,000
Purpose: Investigation of language functioning following anterior temporal lobectomy.

Internal

23. Title: Building on Strengths: An Educational Intervention for Homeless Youth (2011 – 2012)
Agency: Utah State University-Research Catalyst
Role: PI
Funding for subcontract: \$19,000
Purpose: To develop an intervention program for homeless youth to inform them about educational opportunities and resources.

24. Title: Alternative assessment of language and literacy in children with complex communication needs (2008)
Agency: Utah State University, Community University Research Initiative
Role: Consulting Statistician; PIs: BE Foley, PhD & SL Gillam, PhD
Funding for subcontract: \$1,500
Purpose: To evaluate the psychometric properties of a new series of literacy and memory measures developed to assess children who demonstrate atypical communication ability.

25. Title: Development of the Office of Methodological & Data Sciences (2007 – 2009)
Agency: Utah State University Innovation Fund
Role: PI (5% FTE)
Total funding: \$22,400
Purpose: To increase scope and quality of methodological consultative services available to students and faculty at USU.

26. Title: Differential prediction and classification of seizure organicity: A comparison of statistical taxometric methodologies (2005 – 2006)
Agency: Utah State University, New Faculty Research Grant
Role: PI (2% FTE)
Total funding: \$11,800
Purpose: To evaluate the behavior and accuracy of various statistical classification

methodologies in correctly predicting seizure organicity from multi-modal measures of neurobehavioral functioning.

27. Title: Sex differences in language functioning following anterior temporal lobectomy (2002)
Agency: University of Cincinnati, University Research Council Summer Fellowship
Role: Principal Investigator
Total funding: \$1,700
Purpose: To understand differential change in language processes following anterior temporal lobectomy as a function of gender.

28. Title: Role of the anterior attention network in switching attention between well-learned response sets (2000)
Agency: University of Utah, Undergraduate Research Opportunities Program
Role: PI
Total funding: \$2,900
Purpose: Investigation of the role of attentional processes in the development of automaticity in cognitive problem-solving tasks.

Program and Policy-Relevant Interventions & Innovations

1. Montgomery AE, Cusack M, **Fargo JD**. HUD-VASH eviction prediction: Algorithms to predict eviction among HUD-VASH recipients. 2015 – 2018. *The HUD-VASH program provides housing vouchers to Veterans experiencing homelessness. We developed algorithms to forecast eviction from the HUD-VASH program so that the VA and HUD could plan and intervene with participants in this program to prevent them from losing their housing. The products of this research were published [here](#)*.
2. Byrne T, Montgomery AE, **Fargo JD**. [Homelessness Analytics Initiative \[HAI\]](#): Delivering actionable information to prevent homelessness. 2013 – 2020. *This online tool was jointly developed by the VA and the US Department of Housing & Urban Development to assist policy makers, communities, and researchers in their efforts towards ending homelessness by providing customizable geographic information on homelessness rates and correlates for various subpopulations (e.g., homeless families, Veterans). I developed the algorithms to forecast change in rates of homelessness for individual geographic jurisdictions as a function of change in mutable community factors (see Forecast page). Several of my publications contributed to this effort (e.g., [here](#) and [here](#)).*
3. Montgomery AE, **Fargo JD**. [Homelessness Screening Clinical Reminder \[HSCR\]](#). 2012 – 2020. *Homelessness prevention and intervention has been a VA priority area since 2009. I participated in the development and psychometric modeling of a homelessness screening instrument (HSCR) that has been deployed in all VA facilities since 2012. Since that time, millions of Veterans have completed the HSCR and we obtained VA funding (2015-2018) to evaluate the [effect of screening and rescreening](#) on subsequent VA service utilization and homelessness prevention efforts. Several of my publications, presentations, and grant funding are related to these efforts.*
4. Peterson R, Pyle N, Odell C, Brignone E, **Fargo JD**. Streets to Scholars: An intervention to improve educational outcomes for homeless youth. 2012 – 2015. *The Streets to Scholars (or Next Step) project was developed to assist homeless and at-risk youth identify long-term career goals, chart a path to achieving those goals, and then provide supports and assistance to reach those goals. The development and testing of the intervention included approximately 100 youth at various youth homeless and outreach centers, tutors, and case managers. Through participation in the 8-week*

program, youth showed significant improvements in self-efficacy as well as progress towards high school completion or college/vocational school. All intervention materials were made freely available for use by school counselors, school district homeless liaisons, or other service providers. An overview of the program is available [here](#).
